

PROTECT YOUR VEHICLE

COVERAGE MADE AFFORDABLE

LIFE/DISABILITY COVERAGE

If you were injured, disabled, or died in an automobile or other accident, how would you make your auto loan payment? No matter what your income level is, credit life and disability can help. American 1's credit life and disability insurance is also very affordable, amounting to, at most, a few dollars per \$1,000.

GUARANTEED ASSET PROTECTION

Although the best mechanical protection can keep your vehicle in tip-top shape, it can't protect it from being stolen or totaled. This is where GAP comes in handy. If your vehicle is stolen or totaled, GAP will pay your loan balance minus the value of your vehicle. Plus, you get \$1,000 toward the purchase of your next vehicle financed with American 1. That's the GAP Advantage.

MECHANICAL BREAKDOWN PROECTION

MBP is a smart investment for your new or used vehicle because it can save you from expensive repair costs, and can cover everything from the powertrain to the glovebox latch on your vehicle. Opt for four levels of protection and save yourself from expensive mechanical costs.
